SUMMARY

A highly motivated and adaptable fresher with strong analytical skills and a proactive approach to problem-solving. Eager to contribute to a team in a fast-paced environment and continuously develop professionally to make a positive impact.

EXPERIENCE

YouTube Video Player Project – Pune, India Sep 2022 – Jan 2023
(Android Developer Freelance) Developed a custom **YouTube Video Player** web app using **HTML, CSS, and JavaScript** that allows users to play, pause, and control YouTube videos directly through an embedded player interface. The project demonstrates front-end design skills and API integration for **real-world applications**.

Key Features:

- Embedded **YouTube IFrame API** for seamless video playback.
- Functional **Play, Pause, Volume, and Fullscreen** controls.
- Responsive UI design for all screen sizes.
- Custom styling for a clean, modern look.
- Implemented **JavaScript event listeners** for interactive user controls.

Personal Portfolio Website – Pune, India May 2022 – June 2022
(Web Developer Intern) Designed and developed my **personal portfolio website** to showcase my skills, projects, certifications, and achievements as a software and web developer. The site highlights my journey, technical abilities, and creative design approach using modern web technologies.

Key Features:

- Fully **responsive design** built with **HTML, CSS, Tailwind CSS, and JavaScript**.
- Smooth **scroll animations** and interactive UI components.
- Dedicated sections for **About, Skills, Projects, and Contact**.
- Integrated **social media links** and **email contact form**.
- Optimized for **fast loading speed** and **mobile compatibility**.

TECHNICAL SKILLS

Languages: C/C++, MySQL, Python, Java, JavaScript.

Frontend Technologies: HTML, CSS, React Framework, Node.js.

Tools/Frameworks: Git, NodeJS, Prompt Engineering, AWS S3, Data Analytics.

Soft Skills: Problem-Solving, Teamwork, Collaboration, Analytical Thinking, Debugging.

CERTIFICATIONS

1. [Software Engineer Certificate](#) – HackerRank

During this certification, I learned and demonstrated:

- **Proficiency in problem-solving and algorithmic thinking.**
- **Knowledge of data structures, object-oriented programming, and software design concepts.**
- **Ability to write clean, efficient, and optimized code.**
- **Experience using Git/GitHub and understanding version control workflows.**
- **Familiarity with debugging, testing, and real-world application development.**
- **Strong grasp of the software development life cycle (SDLC) and teamwork in coding environments.**

2. [Python \(Basic\) Certificate](#) – HackerRank

- **Python syntax, variables, and data types.**
- **Control structures** – loops, conditionals, and functions.
- **Data structures** – lists, tuples, sets, and dictionaries.
- **String** and file manipulation techniques.

3. [JavaScript \(Intermediate\) Certificate](#) - HackerRank

- **Advanced JavaScript** syntax and ES6+ features (let/const, arrow functions, destructuring, etc.)
- **DOM manipulation**, event handling, and asynchronous programming (Promises, async/await)
- Understanding of **objects, arrays, prototypes, and classes**
- Implementation of **modular code** and debugging techniques
- Building logic for **real-world web applications** using JavaScript best practices

EDUCATION

Govt. Maulana Azad Memorial, Post Graduate College, Jammu

Jan 2021 – Dec 2024

BSc. Non-Medical Stream,

CGPA – 6.4/10

- **Relevant Coursework:** Computer Application, Electronics, Mathematics.

Shiv Public Higher Secondary School, Jammu

Jun 2020 – Jul 2021

HSC, Non-Medical Stream,

CGPA- 6.9/10

- **Relevant Coursework:** English, Mathematics, Physics, Chemistry.

LANGUAGES

English, Hindi, Dogri, Punjabi, Marathi
